TO OUR CUSTOMERS.

This little pocket list of Roses is an original one. The various descriptions given to the Roses are concise, and we think accurate. They are not the elaborate descriptions that are usually given by the raisers, but are descriptions of the Roses as we know them in South Australia.

Many varieties of Roses we have discarded, and our list is therefore a moderate one; but we feel sure that the Roses listed will give satisfaction, as they have been carefully selected.

Our criticism of the Roses will be found to be reliable, and our notes as to the good and bad habits of the various Roses are freely stated.

We are particularly anxious to give our customers an accurate idea of every Rose in reference to colour, habit of growth, freeness of flowering, and any interesting point in connection with it.

THE VARIOUS CLASSES.

Two Beautiful New Roses.

New Climbing Rose: NORA CUNINGHAM

(Hybrid Tea-scented)

We have secured the sole rights for this grand climbing rose.

It was raised by Mr. Alister Clark, who also produced the beautiful climber "Black Boy."

This Rose has been thoroughly tested at "Glenara" for some years, and we have also grown it at our nursery, and we have no hesitation in declaring it to be one of the loveliest climbing pink decorative roses yet sent out.

It is very suitable for tripods, pillars, or trellises, having a splendid bright green foliage which is mildew proof.

It flowers freely in the autumn as well as the spring, which is not the case with many of our best climbing roses.

The colour is a pure pink in the spring, becoming particularly vivid in the autumn.

The flowers are very large, of decorative semi-double form with a lighter zone around the stamens.

This rose is a very vigorous grower.

Price, 3/6 each.

LOS ANGELES

(Hybrid Tea-scented)

A Wonderful New Rose.

This rose has caused quite a sensation amongst all rose lovers. It has received remarkable awards, winning

the Gold Cup as the best all round rose at the Panama Exposition, and it also won the highest honours in France.

The colour is a luminous salmon pink, shaded with translucent gold. It has a sweet perfume, and it is a strong healthy grower, having grand healthy foliage.

In our opinion it is a lovelier rose than either Lyon Rose or Madame Edouard Heriot, which it somewhat resembles, and it is a better grower.

The flowers are on long strong stems, and are held in an erect manner. The flowers are full, very large, and perfectly formed, the petals being large and of splendid texture.

We were only able to send out a few plants last season, but wherever this rose was grown it gave wonderful results, and we have received several very favourable references to it, some growers stating that it is the most beautiful rose they have ever seen.

This year we have a fine stock of well-grown healthy plants available.

Price 3/6 each.

NOVELTIES OF 1920.

Black Boy (Hybrid Tea-scented). This magnificent Rose is the darkest climbing variety yet offered. The bud is well shaped, and the flowers most attractive. The colour is a deep crimson shaded with blackish maroon, overlaying fiery scarlet, giving a rich luminous effect, and it is sweetly scented. It has great vigour and good foliage which is mildew-proof, and when covered with its dark crimson flowers is a remarkable sight. It is a most distinct Rose, and will grow strongly

anywhere. It has been admired by all who have seen it, and will fill the want of a good dark climber. This Rose was raised by Mr. Alister Clark, of "Glenara," Bulla, Victoria. 2/ each.

Charles K. Douglas (Hybrid Tea-scented). Vigorous, upright growth, large, full, and of fine form with long pointed buds; freely and abundantly produced right throughout the season. Colour, intense flaming scarlet, flushed bright velvety crimson; very sweetly scented; fine bedding rose. 2/6 each.

Climbing H. V. Machin (Hybrid Tea-scented.- A vigorous sport of this well-known and justly esteemed rose producing its flowers in great profusion. 2/6 each.

Climbing Lady Hillingdon (Hybrid Tea-scented). A true climbing sport from the well-known dwarf variety; long buds of a deep orange-yellow colour. Splendid. 2/6 each.

Climbing Sunburst (Hybrid Tea-scented.) A very vigorous and true climbing sport. By a true climber we mean growing a new climbing cane from the end of a previous growth, and not from the base. 2/6 each.

Covent Garden (Hybrid Tea-scented.) Vigorous, erect branching growth, foliage dark olive green; flowers large, full and beautifully formed; colour deep rich red; a splendid bedding variety. 2/6 each,

Edel (Hybrid Tea-scented.) White, with the faintest ivory shading towards the base, passing to pure white. A fine grower, with uniform stout habit making it especially suitable for massing or bedding. 2/6 each.

Gwen Nash. A strong-growing Hybrid Tea. This rose can be utilized for a fence or low pillar, but its most valuable purpose is as a large free-flowering bush rose. It is a continuous flowerer. The bloom is a cyclamen pink, running down to a white base in the petals. It is a decorative and garden rose. 2/6 each.

Mrs. H. Morse (Hybrid Tea-scented). The whole flower has a clear sheen of bright rose, deeply impregnated and washed vermillion with clear vermillion veneerings on petals, which are really wonderful for the depth, size, and substance. A superb exhibition bloom, and a gem for garden or cut flowers. Sweetly scented. 2/6 each.

Mrs. R. C. Bell (Hybrid Tea). A grand new deep red rose, with beautiful foliage that is mildew proof. The colour stands well, and the flower is attractive on the bush or cut. It is sweetly scented, and continuously in bloom. The flowers are held upright on long stalks. It has more than held its own at "Glenara" with all the best of the newly imported red roses. Its chief merits lie in its colour, continuous flowering, and healthy green foliage. (Awarded Gold Medal by National Rose Society of Victoria.) 2/6 each.

Queen of Hearts (Hybrid Tea.) An entirely new novelty Climbing Rose of a beautiful pink shade, and continuously in flower. It well deserves the name bestowed upon it, its sweet scent, beautiful pure colour, and lovely foliage making it one of the most valuable climbers yet sent out. The habit of growth is most graceful, the flowers being beautifully held on the plant, and it is invaluable as a flower for indoor decoration. 2/6 each.

New Climbing Rose
NORA CUNINGHAM

Climbing Rose QUEEN OF HEARTS

GENERAL LIST.

Admiral Ward. Brilliant fiery red, shaded purple; good foliage; one of the best red roses. **H.T.**

Alexander Elmslie. A magnificent variety, with very free branching growth deep globular blooms, deliciously scented. Colour, pure solid ruby on deep velvety crimson, with slightly white base—a colour much wanted in Hybrid Teas. **H.T.**

Antoine Rivoire. Creamy flesh; large flowers, good grower and flowerer; a splendid rose. **H.T.**

Augustine Guinoisseau (White La France). Not pure white; pale flesh pink; beautifully scented; good variety. **H.T.**

Augustus Hartmann. Vermillion pink; a magnificent rose in every way; should be in every garden. **H.T.**

Australia Felix. This lovely rose is of good habit, and possesses the essential points of having ample shining foliage, delicious scent, and free and continuous blooming to an unusual degree. The flowers are pink, well shaped, and very sweet, lasting well when cut. It makes a fine bush, and has a splendid constitution. It is quite distinct, and was awarded a Gold Medal by the National Rose Society of Victoria when exhibited by Mr. Alister Clark, the raiser. No rose has given greater satisfaction at "Glenara" for all-round qualities, and when massed it makes a fine bedding rose, blooming right into the winter. This rose will do well in every garden, with or without pruning. It also received the highest number of points possible for perfume. **H.T.**

Belle Siebrecht. Bright rose pink; perfectly formed large flowers; one of the best all round roses in existence.

H.T.

Borderer. A fine Rose raised by Mr. Alister Clark, of "Glenara," Victoria, and is, as its name implies, admirably adapted for the border and also suitable for massing. It is wonderfully free-flowering, with good foliage and dwarf habit of growth. It bears large quantities of double flowers, which are a rich blending of pink, copper and amber. On dwarf stocks only.

P.

Carine. Creamy fawn shaded with orange and carmine; a charming decorative variety.

H.T.

Caroline Testout. Soft pink; large globular shaped blooms; a first-class variety; flowers well.

H.T.

Cecile Brunner. A charming little pink polyantha that flowers all the year round.

P.

Charles K. Douglas. (See Novelties, 1920.)

H.T.

Chateau de C. Vougeot. An exquisite deep rich crimson, but usually poor grower; a very lovely rose.

H.T.

Cheerful. Pink shaded orange; a large flower and one of the most beautiful garden roses we have seen. It will become very popular when known.

H.T.

Cherry Page. Brilliant carmine pink, suffused golden yellow at base of petals. Very large semi-double flowers, with shapely buds.

H.T.

Clarice Goodacre. Chrome shaded white; perfect form; holds blooms erect, and has good foliage.

H.T.

Cleveland. Coppery yellow at base; heavily flushed copper on old rose; large, full and perfectly formed.

H.T.

Colleen. Clear soft pink, shaded rose; a beautifully formed rose, and good in every way.

H.T.

- Edward Mawley.** Rich blackish crimson; a splendid free-flowering variety; one of the best dark crimson varieties. **H.T.**
- Ellen Poulsen.** Dark brilliant pink; large, full and sweetly scented; very vigorous and free-flowering; very effective for massing. Dwarfs only. **P.**
- Ethel Dickson.** Deep salmon rose, with silvery reflex; large and full, with pointed flowers. **H.T.**
- Firebrand.** Bright scarlet, shaded fiery crimson, semi-double flowers, borne on rigid stems; a fine decorative variety. **H.T.**
- Frances Gaunt.** Delightful fawny apricot, toning to silvery flesh. Its shell-shaped petals form a beautiful globular cup-shaped bloom, on a rigid flower stalk, deliciously fragrant, and produced very freely; a first-rate variety. **H.T.**
- Frau K. Druschki (Snow Queen).** The purest and finest of all white roses; of perfect form, and a strong vigorous grower. **H.P.**
- General MacArthur.** A grand scarlet crimson; strong growing and free-flowering; sweetly scented, and first class in every way. **H.T.**
- George C. Waud.** Brilliant vermillion pink; a grand Rose of magnificent form; a good grower, and a free-flowerer; one of the best Roses for all-round purposes. **H.T.**
- George Dickson.** Immense deep crimson Roses, shaded with black; very strong grower; a splendid Rose. **H.T.**

- Georges Schwartz.** Brilliant golden yellow; a striking and free-flowering variety. T.
- Gladys Holland.** Buff shaded orange yellow, outside of petals soft rose; large well-formed flowers, carried on upright stems; sweetly scented. H.T.
- Golden Emblem.** A great improvement on Rayon d'Or, the colour being richer and deeper, with larger and more perfect blooms. Its wonderful colour will make it a telling exhibition flower. The habit of growth is ideal. H.T.
- Golden Ophelia.** A seedling from "Ophelia" possessing many of its characteristics. The flower is of fair size and very compact, opening in perfectly symmetrical form; colour, golden yellow, paling slightly at edges of petals; an acquisition for decorative purposes. H.T.
- Gorgeous.** Pink shaded with yellow and copper; a fine Rose, but not as brilliant in colouring as might be expected from its name. H.T.
- Gruss an Teplitz.** Crimson scarlet; bunches of blooms, sweetly scented; one of the best flowering Roses known. H.T.
- Gwen Nash** (See Novelties 1920.) H.T.
- Hadley.** A grand deep crimson; sweetly scented, and a strong grower and good flowerer; probably the best crimson garden Rose introduced for many years. H.T.
- Henrietta.** Fiery orange crimson, buds long and pointed, sweetly scented; a beautiful decorative Rose. H.T.
- Hoosier Beauty.** Glowing scarlet crimson; a grand variety, with long stems; first-class. H.T.
- Hugo Roller.** Yellow shaded with crimson; a striking and novel colour; good flowerer. T.

H. P. Pinkerton. Free vigorous growth, with an ideal habit. Full and exquisitely formed flowers of intense brilliant scarlet, flamed velvety crimson; buds long and pointed, opening to large full flowers; mildew-proof foliage. A splendid garden variety. H.T.

Nora Cuninghame. (See Novelties 1921.) **H.T.**

Nora Power. Of very strong climbing habit, handsome foliage of a rich bronze colour in the young stage. Colour of flowers is a very deep apricot, shaded with red in the bud, opening to a light buff, tinged with peach as the flower opens. The flowers are single, and every shoot provides a flower, blooming from the end of August till October. Very valuable as an early flowering variety, exceptionally beautiful buds, and tea scented. **H.T.**

Paul's Scarlet Climber (Hybrid Wichuriana). The flowers of this superb Rose are vivid scarlet, shaded with bright crimson, and are produced in the greatest profusion in large clusters of medium-sized semi-double blossoms. The colour is well retained without burning or fading till the petals fall, and the flowers remain on the plant for an unusual

length of time, furnishing a brilliant and magnificent display in the garden. This variety surpasses in brilliancy of colour any other climbing Rose.

Queen of Hearts. (See Novelties 1920.) **H.T.**

Reine Marie Henriette. Large double scarlet crimson flowers; good grower, and flowers freely, but is rather subject to mildew. **H.T.**

Roby (Rambler). Single flowers of medium size, inside of petals dark carmine, reverse of petals pink on orange ground. **W.**

Rosy Morn. Clear pink on a white ground; does not burn in the sun. Beautiful decorative variety, quite distinct; a good pillar rose. **H.T.**

Ruby Ring (Rambler). A lovely single rambler with cluster of ruby flowers with distinct white centre; very good. **W.**

Sinica Anemone (Pink Macartney). Large brilliant single pink flowers; good foliage, and a splendid flowerer.

Souvenir de Leonie Viennot. Exquisite semi-double large pink flowers shaded with heliotrope; splendid grower. **H.T.**

Stella (Rambler). Single; bright rose, shading to white in the centre; beautiful truss. **W.**

Tausendschon (Rambler). Vigorous climber, bearing large trusses of beautifully shaded pink blooms; spring flowerer. **W.**

The Lion. Bright single crimson flowers, blooming in clusters; a fine pillar Rose. **H.T.**

W. A. Richardson. Large trusses of blossoms, cream shaded in the centre to deep orange; good foliage; a first-class pillar Rose. **N.**
